MEMORANDUM TO: Asst. Director for Research and Evaluation

SUBJECT: Intelligence Terminology

1. The "submission to JCS" was in connection with a dictionary of military terms for Army and Navy use, prepared by Army-Navy Staff College and submitted to JCS for review. CIG worked on this dictionary last spring and early summer, reviewed the terms having a relation to intelligence, and submitted some amendments and additions. [redacted] of ICAPS coordinated this effort and has the dictionary and a copy of the CIG suggestions in his files.

25X1

2. In accordance with Mr. Montague's suggestion on the routing slip, a reply to ICAPS has been prepared, and a memorandum to the branch chiefs, both for your signature if approved. The list of addressees for the latter includes branches not yet activated, since the project will take an appreciable time to complete, and the Northern, Scientific, and Functional Branches, when activated may have contributions to make.
